Dear Sir/Madam,

South Carolina and in particular, Charleston, is extremely difficult to get around in for a person who does not own a vehicle.

Please kindly reconsider the cease and desist order that has been placed on Uber, a service that has been invaluable to me and I'm sure, thousands of other people.

Kind regards,
Marissa Lee

Uber is safe and efficient. In addition, the cars are consistently CLEAN and well maintained.
Your "legal" taxis are 100% of the time filthy and the dispatch system is antiquated, which has caused me numerous problems in the past.
Please keep Uber legal.

Subject: Uber

To whom it may concern:

Although I'm not actively driving now I think Uber should continue to be able to operate not just for one but for many reasons such as:

Providing many safe rides to locals as well as tourists. As a driver I found many people enjoyed the Uber experience much more than taxi service as it was far more efficient not to mention safer and cleaner than traditional cabs. Many cabs have employed price gouging poor tourists that don't know better. This is not only unethical it's wrong. Uber is a transparent system much better and gives the consumer a choice over traditional cab/taxi services. This service creates jobs and helps provide needed cash to people who are in need of a way to pay there bills when put out of work or between jobs. Uber system also saves lives helping to keep drunk drivers off the road by giving more choice to more people who will choose Uber for a safe ride. From my own personal experience I can honestly say that I may have had to turn to food stamps and welfare after being out of work an going through a crippling divorce if it were not for Uber. I only drove for several weeks but it made all the difference in my very survival during that period.

I don't know why something so good is being harshly looked at. I would like to know the reason(s) behind this sanction. Do not take Uber away from SC. It's not a good idea for anyone and Uber is a good idea for Everyone!

Sincerely,
Maurice deMartine
